EXPERIENCE

JS3 Design, LLC, Christiansburg, Virginia, Owner/Designer.

2006-PRESENT

Design and produce a broad range of print and electronic media for government and private sector clients. Complete project management, scheduling, production, and delivery to ensure a professional, quality product on time and on budget. Representative projects include a full color quarterly magazine, tradeshow displays, magazine ads, various website designs, interactive CDs, and designer furniture publications. Clients include Atlas Systems, Inc., Battelle Memorial Institute, Blue Ridge Timberwrights, David Bailey Associates, FX Photography & Design, New River Land Trust, Poteet Studio, UXB International, Inc., and The Wardlaw Group, Inc.

WPI, Blacksburg, Virginia, Graphic Designer.

1993-2006

Produced a wide variety of graphics products in both print and electronic format. These products included four-color process annual reports and brochures, two-color projects, total web design and production, exhibit creation, and production of interactive Flash and html CDs. Responsible for all interaction with service bureaus, printers and other outside vendors. Sustained a design theme or idea throughout a series of different printed pieces related to one major event or topic.

David Bailey Associates, Richmond, Virginia, Freelance Designer.

1995-PRESENT

Responsible for complete production of *IMAGE* magazine (monthly trade publication) through May 2001 and *Virginia Capitol Connections Quarterly Magazine* to the present. *IMAGE* magazine was awarded *National First Place Winner of PHCC Association Publication Award for 1997*. Duties include graphic design, illustration, and advertising design and production. Other assignments include the design and production of websites, books, and brochures. Responsibility includes all interaction with electronic pre-press and printer.

Southern Printing Company, Blacksburg, Virginia, Art Director.

1987-1993

Responsible for all graphic design and execution on items such as annual reports, brochures, and magazines. Produced original black and white and full color illustrations. Calculated typesetting, paste-up and stripping costs for job quotes. Responsible for final inspection of all bluelines for printed material prior to plating.

Science Museum of Western Virginia, Roanoke, Virginia,

1983-1987

Graphic Artist/Photographer. Designed newspaper advertisements, brochures and the Science Museum's quarterly newsletter. Responsible for design and execution of panoramas and other illustrations using a variety of media. Photographer and darkroom technician for all museum photography. Screen printed graphics for museum exhibits.
